To whom it may concern:

Re: Omar Shemy – Employment at Ojdrovic Engineering.

Please accept this letter as confirmation of Omar Shemy's employment with Ojdrovic Engineering. Omar was an employee from August 3rd, 2023, through until September 27th, 2023.

During this time Omar was a keen, enthusiastic, well organized, and dedicated employee. He demonstrated a sound background in engineering principles, and a desire to learn both independently and from the other senior staff at our firm. Unfortunately, due to circumstances beyond our control, and unrelated to his performance in any way, we had to make the difficult decision to terminate his employment.

It would be our pleasure to have a discussion with you about any of the above information, please do not hesitate to contact me.

Sincerely,

Ojdrovic Engineering

Geoff Scott
Principal
